## PEACE IN TRANSVAAL

Lord Milner Has a Plan if He Can Carry it Through.

## TO OPEN UP MINES.

His Scheme is to Have Work in the Johannesburg Mines Resumed and to Concentrate a Force There to Protect Them.

New York, July 30.—There is a general agreement among those who have come recently from South Africa that there will be a change of policy as soon as Lord Milner returns and confers with General Kitchener, says the London correspondent of The Tribune. This change will be effected by the resumption of work on a large scale at the Johannesburg mines. Mr. Jameson considers that a mistake has been made in keeping the miners out of Johannesburg, and that this will be remedied as soon as Lord Milner reaches South Africa. He asserts that the true policy is to concentrate an adequate garrison there and facilitate in every possible way the return of the mining population and the transportation of supplies needed for it.

When the way has been opened for the resumption of ordinary mining operations in that quarter the Boers will begin to settle down and carry their farm products into market. If the shooting goes on for awhile in the eastern or western Transvaal or in the Orange River Colony, it will not offset the moral effect of the resumption of business in the chief mining centers. Johannesburg will again be fully populated and employed, and this will be practical evidence that the war has ended and peace has been restored. Guerrilla operations will gradually disappear with adequate police work. Dr. Jameson believes that peace in this sense is close at hand and that Lord Milner fully understands the situation. This view is shared by the best informed South Africans here.

### Considering Molinaux's Appeal.

Albany, July 30.—Chief Justice Parker and the members of the court of appeals are now at work upon the printed case of Roland B. Molinaux, charged with causing the death of Mrs. Katherine Adams. The documents make a volume of 3405 pages the size of Webster's unabridged dictionary, and it will be necessary to consider the points involved between now and Sept. 30 when the court reconvenes. Sixteen copies of this book were printed. Each judge received one copy and the remaining copies were locked in the court of appeals' library. The judges intend giving the case their fullest attention.

### Receiver Applied For.

Memphis, July 30.—A special from Meridian, Miss., says application has been filed in the chancery court there for a receiver for the Mobile and Ohio Railway company. The documents go into the history of the road and the recent transfer to the Southern railway. The application is made by L. Edmunds of Virginia and George J. Venner of Massachusetts. These stockholders refused to concur in the sale to the Southern, and they desire to restrain the management of the Southern from operating the Mobile and Ohio road.

### Ex-Alderman Brown Killed.

Galesburg, Ills., July 30.—A sensation was created here by the discovery of the dead body of ex-Alderman Thos. Brown, of this city, in the Chicago, Burlington and Quincy switch yards. The skull was fractured. As Mr. Brown usually goes home through the yards, the impression is that he was struck by one of the late fast trains and instantly killed. The family however, suspect foul play, and an inquest will be held. Mr. Brown, under Cleveland, was in the revenue service at Pretoria.

### Will Be Prosecuted.

Austin, July 30.—The time for foreign and domestic corporations to file anti-trust affidavits to the effect that they are not in a trust or combination expires Wednesday. About half of the corporations have not complied with the law. The attorney general will proceed against foreign corporations and the secretary of state advises district and county attorneys to prosecute domestic concerns who fail to comply with the law.

### Wreckage at Batoum.

St. Petersburg, July 30.—Three officers and 24 soldiers were killed and 30 soldiers were injured in the recent explosion at Batoum, the nitro oil port on the Black sea. Thirty civilians are known to have been killed or wounded. It is feared that many bodies are buried in the ruins and rescue work continues.

### Declared Public Domain.

Manila, July 30.—The insular government has saved \$250,000 by the passage of an act virtually declaring the stone quarries at Mariveles, in Bataan province, public domain and authorizing the stone for harbor improvements. A Spanish company claimed title to the quarries.

### Rear End Collision.

St. Louis, July 30.—Three people were seriously injured and a score or more badly shaken up in a rear end collision between car 1902 and car 467 of the Bellefontaine line at Nebraska avenue.

### Mail Carrier Killed.

Ardmore, I. T., July 30.—News of a killing has reached Marshal Hammer's office. J. W. Franklin a mail carrier, was instantly killed at Wheeler. Officers have gone to the scene.

### BUBONIC PLAGUE.

New York Physicians Believe There Is No Probability of Spreading.

New York, July 30.—According to the Washington correspondent of The Tribune the news dispatches of Colonel Abel Murillo's arrest by the Colombian authorities at Cartagena on the board a Hamburg-American steamer, awakened interest in the state department and among the Spanish-American legations, on the supposition that the German emperor would undertake to call the Colombian authorities to account. Had the almighty been under the American, French or any other than a German flag, in any other than a South American port the incident would be regarded as unworthy of notice, for the established principles of international law governing the status of a merchant vessel in port are too well recognized by maritime nations to excite much attention.

The extra territoriality of a national warship is usually respected but a foreign merchant vessel of whatever nationality is subject to the laws of any port she happens to visit and cannot afford a refuge for a citizen of her own nationality not to mention a citizen of the nation in whose jurisdiction the vessel is temporarily found. The United States has never failed to enforce this principle in her own ports. Great Britain has frequently opposed the principle, declaring that English law and not international law governed British ships wherever they went, but the United States has paid no attention to the contention, and the New York police are supported in searching any British ship in New York harbor.

At the state department the Murillo affair is there looked upon as not really alarming, and unless it can be shown that Colombian authorities have insulted the German flag it is hoped the matter will be passed in silence by Germany.

### BETTER BE CAREFUL.

Dr. Koch's Tuberculosis Theory May Be Too Premature.

New York, July 30.—The possibility of the spread of bubonic plague throughout the American continent having been discussed as a probability by Dr. Walter Kemster, of Milwaukee, Wis., has brought out adverse opinions from a number of New York physicians. They condemn the views of Dr. Kemster as alarmist and calculated to cause a panic, though the fact that he spent some time abroad studying the origin and spread of plagues, under the Harrison administration, gives added weight to his statement to the effect that there is danger under existing sanitary conditions and unless immediate measures are taken to stamp it out. Dr. A. H. Doty, health officer of the port, said that while the plague might be destructive to people in India, the conditions were different here. In India the people slept with rats and vermin. In the last three years the plague had been in Rio de Janeiro, Lisbon and San Francisco, but there has been no devastation at any of these places. Dr. Doty declared he had no fears, whatever, of the plague gaining any foothold here.

### LITTLE IMPORTANCE.

Murillo's Arrest by Colombia Government No Insult to Germany.

Denver, July 30.—Dr. Charles Gresswell, chairman of the sanitary committee of the National Live Stock association, has issued a bulletin on Dr. Koch's theory that tuberculosis is not communicable to human being by milk or flesh of tuberculosis in cattle. He says:

"Without being alarmed I think it necessary to sound a note of warning that the conclusions so much hoped for should not too readily be accepted and that as cattlemen or dairymen, we certainly must not yet congratulate ourselves that necessity for restrictions and repressive measures against bovine tuberculosis is over, nor that this disease in cattle has now no terrors for human beings."

### Astor Wants Osborne House.

London, July 30.—Osborne House, on the Isle of Wight, a favorite summer residence of Queen Victoria and the place where she died, may come into the possession of an American. King Edward wants to get rid of it because of its inaccessibility and because it costs £60,000 a year to keep it up. William Waldorf Astor is said to have offered to pay any price the king might fix, desiring to present the famous royal residence to his daughter when she marries, but it was found that under Queen Victoria's will the king is only given a

### A FARMER WARNED.

Threatening Letters Demand Money or Else

Disaster Would Befall Him.

Mattoon, Ills., July 30.—Two thousand dollars is the price demanded by unknown persons from Richard Hearn, a wealthy retired farmer of this city, for the safety of himself and only daughter, Maude, aged 18 years.

A week ago Hearn received a letter in which the writer demanded that the money be placed in a tin can at the southeast corner of the Episcopal church. Hearn treated it as a joke, at first but after receiving three letters, each more threatening, he informed the officers.

The last letter said that it was Hearn's final opportunity for him and the girl would be captured and the former would witness the horrifying spectacle of his daughter with her eyes burned out and heart cut from her body. Then he also would be killed.

Hearn is worth \$75,000 but he thinks it best not to exceed the demands. His daughter is not allowed to leave his side and while the police are trying to capture the would be kidnapper, the residence will be closely guarded. Several persons are suspected by the police.

### Rain in the Cotton Belt.

Washington, July 30.—Official advises to the weather bureau are confirmative of the press reports of the prevalence of rains over the corn belt since Sunday night with cooler weather. During Monday rain has fallen very generally over that section, with some exceptions, notably southern Ohio, Kentucky and southwestern Nebraska. While not very heavy in amount the rains are described as fair at Kansas City, as there was over an inch of precipitation; from one quarter to almost two inches in various parts of Iowa, in Nebraska, the rainfall was fair; in eastern and northern Oklahoma there were showers and in Missouri they were pretty fair.

### Farmer Murdered.

Collinsville, Tex., July 30.—E. L. Parsons, a farmer living six miles west of Collinsville, was murdered Sunday afternoon near his home. While waiting for his wife to get dinner he went to the field to cut some corn for his horses. Mrs. Parsons is an invalid, unable to leave the house, and when her husband did not return to dinner she could only wait for some of the neighbors to happen in. Late in the evening one did come, and then a search was begun. About 9 o'clock the body was found. His head had been beaten with a club and the skull was fractured in a number of places.

### Threshers Run a Town.

Wichita, Kas., July 30.—Eight threshing machine crews came into the town of Colwich Sunday and because they could not get liquor on account of the Sunday law they smashed five joints and in addition wrecked a number of town pumps. The citizens organized a party to cause their arrest, but the threshers made them retreat. The rioting was resumed Monday when the citizens again tried to arrest the threshers, but again they had to give up. The sheriff has been asked to come at once to the scene.

### Tragedy at Houston.

Houston, July 30.—A shooting occurred here this morning in which Officer Willie Weiss was instantly killed and a man named Vaughan was fatally wounded. There were four people in the party at the time. The four men walked from Main street down to Congress avenue together, two blocks to the point where the officer was killed. Two women were in some manner mixed up in the melee. Two arrests made.

### Beaten and Robbed.

St. Louis. July 30.—Mike Connor, a laborer, was found unconscious and bleeding from a number of scalp wounds and cuts about the face. He was taken to the city hospital where his condition was pronounced not serious. Connor stated he had been assaulted by two men who, after beating him, took his watch and \$5 in money.

### Terrible Street Fight.

Knoxville, July 30.—A special from Crossville tells of the killing of Policeman Hink Pass and E. Knox and the fatal wounding of Shirley Pass, son of the policeman, in a street fight at Isolin, Tenn., a mining town located eight miles north of Knoxville. Two negroes did the shooting. They surrendered.

### Mexican Veteran Dead.

Memphis, July 30.—Judge J. L. T. Sneed died at his home near this city, aged 82 years. He was an officer in the Mexican war, brigadier general in the provincial army of Tennessee after the secession of the state, and after the war served on the supreme bench of the state.

### Accidentally Killed.

Waco, Tex., July 30.—Leon Daniel, a young man who resides with Prof. E. E. Cammack, while getting out of a boat with a target rifle in his hand, struck the hammer on the edge of the boat, causing the rifle to go off. The bullet went through his bowels, causing death in a few hours.

### Civil Service in Hawaii.

Washington, July 30.—Civil Service Commissioner Rodenburg has returned here from the official trip to Hawaii taken by himself and Chief Examiner Serven of the commission. Mr. Rodenburg says an excellent civil service system is in operation in Hawaii.

### Veteran Waylaid and Wounded.

Oakland, Ills., July 30.—Charles C. Hackett, an aged veteran and a member of General Grant's regiment, was waylaid on his way home and beaten with a car pin until insensible. His wounds are dangerous and may prove fatal.

### CUBAN ELECTION LAW.

Universal Suffrage Provided for, but Restrictions Are Imposed.

Havana, July 30.—The electoral bill, as drafted by the electoral commission, was submitted to the Cuban constitutional convention yesterday. The measure provides for universal suffrage, but restrictions as to ability to read and write are imposed in the case of officeholders.

Governors of provinces and provincial legislators must be of Cuban birth or have been naturalized for a period of eight years. They must be at least 30 years of age. They must possess title by public decree or have filled office by popular vote.

The same restrictions regarding citizenship are laid upon congressmen, who must be 25 years of age. Senators must be Cuban by birth and 35 years of age.

The president must be a Cuban or naturalized. In the latter case, as provided by the constitution he must have served in the Cuban army for 10 years. He must be at least 40 years of age. The same conditions apply to the vice president.

Senators shall be elected by provincial legislatures and an equal number of citizens.

One-half of the senators must be Cuban by birth or have been naturalized for a period of eight years. They must be at least 25 years of age and must be able to read and write. They must have resided in the province for two years and be among real estate taxpayers. The other half must have professional degrees or must have held public office.

Presidential electors shall be Cubans by birth or have been naturalized for a period of eight years and they must be 30 years of age.

In the provincial legislatures minority representation is provided for. Havana having 20 members, Santa Clara 17, Santiago 17, Mantanzas 15, Pinar del Rio 12 and Puerto Principe 8.

Havana will have 17 congressmen, Santiago 18, Santa Clara 14, Mantanzas 8, Pinar del Rio 7 and Puerto Principe 8. Four senators shall represent each province.

Havana will have 21 presidential electors, Santiago 17, Santa Clara 18, Mantanzas 12, Pinar del Rio 11 and Puerto Principe 8.

The project provides for two elections. At the first will be elected governors of provinces, provincial legislators and senatorial electors.

At the second to be held eight days later, congressmen and presidential electors will be chosen. Thirty days after the second election the presidential electors will meet in Santa Clara to elect the president.

### Texas' Ancient Canals.

Waco, Tex., July 30.—Captain H. C. Anderson formerly of the United States army, says traces exist in Texas of a complete irrigation system constructed by a race now wholly extinct. He found while riding horseback remains of canals and storage lakes on the divide between the Bosque and Brazos. Captain Anderson says the old reservoirs made by ancients and the canals connecting them can be restored and improved upon and that it is practical to irrigate two-thirds of the state by saving the water when abundant for times of scarcity. One canal, the traces of which still exist, Captain Anderson says must have been 1000 miles long.

### Confesses to Train Wrecking.

Little Rock, July 30.—Mont Randall, a negro 19 years old, was arrested at Forrest City, charged with wrecking the Choctaw fast freight at Palestine. He made a full confession. The suspect at first told several conflicting stories, he finally confessed that he had broken the lock and thrown the switch through pure malice. That was the only reason he would assign, but it is believed that some more responsible parties, who may have had a grievance against the management, are at the bottom of the affair, which resulted in the death of Engineer Shelley and Fireman Simmons.

### Legacy Tax Ruling.

Washington, July 30.—Commissioner of Internal Revenue Yerkes has ruled.

that in cases of estates coming within the legacy tax law, the government tax must be made on the value of the estate on day of testator's death. While this releases accumulations from taxation, it also imposes liabilities for full settlement notwithstanding shrinkage may occur after the testator's death and prior to the distribution of the estate.

### Barge Sagamore Sinks.

Sault Ste Marie, Mich., July 30.—The whaleback barge Sagamore, loaded with iron ore, was sunk in a collision with the steamer Northern Queen near Point Iroquois. Of the crew of eight men, two were drowned and one is missing. Fog caused the collision.

### Three Persons Drowned.

Tacoma, July 30.—Earl Jenkins of Seattle, Miss Florence Nevins and Miss Anolia Cole of Puyallup, were drowned by the capsizing of a row boat on Spanaway lake. The bodies were recovered several hours after the accident.

### Killed His Wife and Suicided.

Dodge City, Kas., July 30.—E. Kirby, proprietor of the Spark hotel, shot and killed his wife and then shot himself, both dying instantly. The cause is a disagreement over property. He was aged 40 and his wife 36 years.

### Constitution Defeated.

Newport, R. I., July 30.—The Columbia defeated the Constitution in a splendid race by 2 minutes and 24 seconds and won the \$1000 cup presented by Colonel John Jacob Astor. Her victory was decisive and convincing.

Miss Clara Braatz has secured space in Webb Bros.' dry goods house for opening an up-to-date millinery department at the beginning of the fall and winter season. Miss Braatz left yesterday for Chicago and New York to select a line of pattern hats and fine millinery and will return in four or five weeks. She has had opportunities during the past few seasons for studying the making of artistic creations in some of the establishments of the larger cities in the north and east and will spare no pains in giving the ladies of Bryan and vicinity an opportunity to select from the newest and most popular fancies in millinery.

Prof. J. W. P. Massey went to Dallas yesterday where he will become associate editor and assume the management of the Texas School Magazine, a monthly publication which has been established some years. Mr. Massey has had some experience as a newspaper man and being familiar with educational work he will be able to conduct his magazine along lines of interest and profit to the teachers. He is well qualified for the position and will make his influence felt.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

## EXCITEMENT STILL ON

Thousands Around the Great Lottery Wheels at El Reno.

## CROWD INCREASING.

People Sleep on the Hillsides to Be Near the Drawing so as to Hear the Names of the Winners as They Are Announced.

El Reno, O. T., July 30.—The scenes this morning about the little platform were a repetition of those on Monday. During the night and early this morning the crowds were swelled by several thousand eager people who had flocked to the town in prairie schooners and on trains. Many slept again on hillsides around the wheels of fortune to be on hand early. Others came from up town with the first break of day and secured positions as close to the platform as possible. When the second day's drawings commenced over 30,000 people were on hand. The intense excitement of Monday had told on many and to this was added the individual feeling of each person that their chance had been materially diminished. Monday's drawing had given to 1000 homesteaders the privilege of selecting the best claims in the reservation. This left 12,000 claims and 166,000 applicants. Good nature prevailed and almost everybody appeared to be hopeful.

It was decided to draw 2000 names from the wheels today, 1000 each from the El Reno and Lawton land districts.

The drawing was started promptly and envelopes were taken from the wheels at a rapid rate. Among the lucky Texans were the following:

C. C. Bates, Alvord.  
S. E. Eli, Sherman.  
Sterling B. Coffey, McKinney.  
James L. Cordial, Denison.  
B. D. Ayhart, Estelline.  
Fletcher Megg, Whitesboro.  
Marion M. Dobbs, Wise county.

## SOME OF THE WINNERS.

Texans Who Drew Prizes in the Land Lottery at El Reno.

El Reno, O. T., July 30.—Oklahoma's great land lottery which began here yesterday morning was adjourned after 1000 of the choicest of the 13,000 160-acre claims in the Kiowa-Comanche country had been awarded. The day was one of keen excitement, replete with interesting scenes. It is estimated that fully 20,000 people witnessed the drawing. The immense throng was wrought up to the highest pitch. The drawing of the first names was followed by a mighty shout that reverberated between the hills.

Each succeeding winner for a time was met with applause and merriment. All was pleasure. Every man, though he did not draw a prize from the wheels yesterday, had steadfast faith that future drawing would surely see him the possessor of a slip reading him a title clear to 160 acres of Oklahoma land. So, in the success of friends and relatives unfortunate ones, instead of bewailing their fate, cheered as familiar names were called out.

When the close of the day was announced at 6 o'clock hundreds who had neither eaten nor drank during the day sank to the ground where they stood from sheer fatigue, or dragged themselves to better places of rest or to seek the refreshment booths up town. The day was remarkably free from quarrels, and general satisfaction with the government's methods of disposing of the land was felt.

It has been found that many hundred applicants have "repeated" and that other applications are so illegible that they will be thrown out. Over this much discord has resulted and the outcome may be on appeal to the courts.

The eighth winner in the Lawton district was Minerva McClintock, aged 25 years, of Oklahoma City. She was married Sunday and by this act forfeits her right to file for claim. She might have chosen a claim near a county seat worth several thousand dollars.

The drawing was resumed at 9 o'clock this morning and it is believed will be completed Thursday evening.

Following are the names of the Texans who drew prizes:

George A. Perkins, Bridgeport.  
Marion P. Hawkins, Wayland.  
William C. Laird, Fort Worth.  
Richard H. Wyatt, Henrietta.  
Robert T. McDuffy, Ennis.

## Paid After Thirty-Nine Years.

New York, July 30.—After waiting 39 years for a settlement of his accounts as a soldier in the war between the states, Edward Knott a veteran of White Plains, N. Y., has received a check for \$25 from the quartermaster's department. The amount is the exact sum due him as retained pay when he was mustered out of the Fourth New Jersey volunteers in the year 1862. No interest was allowed by the government. The money was retained by the paymaster to offset any clothing account that might be charged against him in the quartermaster's department. There having appeared no charge against him the check for \$25 was finally sent him.

## Driven to Suicide.

New York, July 30.—George McCabe, 46 years of age, has committed suicide by cutting his throat. Members of the family say that he was driven to desperation by the jeers of his fellow workmen at the Worthington Hydraulic works in Brooklyn, where a strike has been in progress. McCabe went out with the strikers early in May but returned to work July 18. As a result, it is said, he was reviled by men and women and his neighbors would have nothing to do with him. Even the children shooed him as he passed. For days McCabe has been gloomy and it is thought his mind gave way under the strain.

Kimberly Asks to Be Excused.

Washington, July 30.—A letter has been received at the navy department from Admiral Kimberley asking to be excused from the Schley court of inquiry on account of the state of his health. The admiral is understood to be suffering from heart trouble. The application is placed in the hands of Secretary Long, who will dispose of the matter from his home in Higham, Mass. Admiral Schley has made answer to the precept. The letter was mailed by his counsel, but the navy officials say it has not been received.

## Congressman Cooper Married.

New York, July 30.—It was announced that the bride of Congressman Henry A. Cooper of Wisconsin, chairman of the house committee on insular affairs, is Miss Amelia Sarah Cooper. With his bride Congressman Cooper sailed on Saturday for Europe on the Lucania. Representative Cooper left his home in Racine on July 20 to visit the Pan-American exposition. The marriage took place in this city on Saturday morning. While they are of the same name they are not related.

## Turnkey Locked in a Cell.

Tulsa, July 30.—When the turnkey entered the county jail here with the prisoners' breakfast he was held up at the muzzle of two revolvers and locked in a cell. John Brown, alias "Topka John," Thomas Keegan and James Stewart, all held for the robbery of the West Toledo postoffice, and David Morgan, a local prisoner, then marched out of jail and so far have not been captured.

## Scouts Idea of Alliance.

Madrid, July 30.—Premier Sagasta in an interview scouts the idea that any political outcome would result from the visit of the German squadron commanded by Prince Henry of Prussia now at Cadiz to Spain. He says Spain has nothing to offer. She must reorganize her navy and internal administration before dreaming of alliances.

## England Needs More Money.

London, July 30.—The supplementary civil service estimates ask for £7,013,910 of which £6,500,000 is required by the colonial office as a grant in aid of the Transvaal and Orange River colonies. Three millions of this is to be considered an advance to the colonies to be repaid out of the first loans issued by them.

## Potato Market Cornered.

Cincinnati, July 30.—Dry weather has so diminished the supply of potatoes it has been possible to corner the market. One commission firm in this city has secured control of the limited supply and dictated the prices running the price up to \$3.25 and \$3.50 per barrel for better qualities.

## PEACE IN TRANSVAAL

Lord Milner Has a Plan if He Can Carry it Through.

## TO OPEN UP MINES.

His Scheme Is to Have Work in the Johannesburg Mines Resumed and to Concentrate a Force There to Protect Them.

New York, July 30.—There is a general agreement among those who have come recently from South Africa that there will be a change of policy as soon as Lord Milner returns and confers with General Kitchener, says the London correspondent of The Tribune. This change will be effected by the resumption of work on a large scale at the Johannesburg mines. Mr. Jameson considers that a mistake has been made in keeping the miners out of Johannesburg, and that this will be remedied as soon as Lord Milner reaches South Africa. He asserts that the true policy is to concentrate an adequate garrison there and facilitate in every possible way the return of the mining population and the transportation of supplies needed for it.

When the way has been opened for the resumption of ordinary mining operations in that quarter the Boers will begin to settle down and carry their farm products into market. If the shooting goes on for awhile in the eastern or western Transvaal or in the Orange River Colony, it will not offset the moral effect of the resumption of business in the chief mining centers. Johannesburg will again be fully populated and employed, and this will be practical evidence that the war has ended and peace been restored. Guerrilla operations will gradually disappear with adequate police work. Dr. Jameson believes that peace in this sense is close at hand and that Lord Milner fully understands the situation. This view is shared by the best informed South Africans here.

### Considering Molineaux's Appeal.

Albany, July 30.—Chief Justice Parker and the members of the court of appeals are now at work upon the printed case of Roland B. Molineaux, charged with causing the death of Mrs. Katherine Adams. The documents make a volume of 3405 pages the size of Webster's unabridged dictionary, and it will be necessary to consider the points involved between now and Sept. 30 when the court reconvenes. Sixteen copies of this book were printed. Each judge received one copy and the remaining copies were locked in the court of appeals' library. The judges intend giving the case their fullest attention.

### Receiver Applied For.

Memphis, July 30.—A special from Meridian, Miss., says application has been filed in the chancery court there for a receiver for the Mobile and Ohio Railway company. The documents goes into the history of the road and the recent transfer to the Southern railway. The application is made by L. Edmonds of Virginia and George J. Venner of Massachusetts. These stockholders refused to concur in the sale to the Southern, and they desire to restrain the management of the Southern from operating the Mobile and Ohio road.

### Ex-Alderman Brown Killed.

Galesburg, Ills., July 30.—A sensation was created here by the discovery of the dead body of ex-Alderman Thos. Brown, of this city, in the Chicago, Burlington and Quincy switch yards. The skull was fractured. As Mr. Brown usually goes home through the yards, the impression is that he was struck by one of the late fast trains and instantly killed. The family however, suspect foul play, and an inquest will be held. Mr. Brown, under Cleveland, was in the revenue service at Pretoria.

### Will Be Prosecuted.

Austin, July 30.—The time for foreign and domestic corporations to file anti-trust affidavits to the effect that they are not in a trust or combination expires Wednesday. About half of the corporations have not complied with the law. The attorney general will proceed against foreign corporations and the secretary of state advises district and county attorneys to prosecute domestic concerns who fail to comply with the law.

### Wreckage at Batoum.

St. Petersburg, July 30.—Three officers and 24 soldiers were killed and 30 soldiers were injured in the recent explosion at Batoum, the note oil port on the Black sea. Thirty civilians are known to have been killed or wounded. It is feared that many bodies are buried in the ruins and rescue work continues.

### Declared Public Domain.

Manila, July 30.—The insular government has saved \$250,000 by the passage of an act virtually declaring the stone quarries at Mariveles, in Batangas province, public domain and authorizing the stone for harbor improvements. A Spanish company claimed title to the quarries.

### Rear End Collision.

St. Louis, July 30.—Three people were seriously injured and a score or more badly shaken up in a rear end collision between car 1902 and car 467 of the Bellefontaine line at Nebraska avenue.

### Mail Carrier Killed.

Ardmore, I. T., July 30.—News of a killing has reached Marshal Hammer's office. J. W. Franklin a mail carrier, was instantly killed at Wheeler. Officers have gone to the scene.

### BUBONIC PLAGUE.

New York Physicians Believe There Is No Probability of Spreading.

New York, July 30.—According to the Washington correspondent of The Tribune the news dispatches of Colonel Abel Murillo's arrest by the Colombian authorities at Cartagena on the board a Hamburg-American steamer, awakened interest in the state department and among the Spanish-American legations, on the supposition that the German emperor would undertake to call the Colombian authorities to account. Had the allegany been under the American, French or any other than a German flag, in any other than a South American port the incident would be regarded as unworthy of notice, for the established principles of international law governing the status of a merchant vessel in port are too well recognized by maratime nations to excite much attention.

The extra territoriality of a national warship is usually respected but a foreign merchant vessel of whatever nationality is subject to the laws of any port she happens to visit and cannot afford a refuge for a citizen of her own nationality not to mention a citizen of the nation in whose jurisdiction the vessel is temporarily found. The United States has never failed to enforce this principle in her own ports. Great Britain has frequently opposed the principle, declaring that English law and not international law governed British ships wherever they went, but the United States has paid no attention to the contention, and the New York police are supported in searching any British ship in New York harbor.

At the state department the Murillo affair is there looked upon as not really alarming, and unless it can be shown that Colombian authorities have insulted the German flag it is hoped the matter will be passed in silence by Germany.

### BETTER BE CAREFUL.

Dr. Koch's Tuberculosis Theory May Be Too Premature.

New York, July 30.—The possibility of the spread of bubonic plague throughout the American continent having been discussed as a probability by Dr. Walter Kemster, of Milwaukee, Wis., has brought out adverse opinions from a number of New York physicians.

They condemn the views of Dr. Kemster as alarmist and calculated to cause a panic, though the fact that he spent some time abroad studying the origin and spread of plagues, under the Harrison administration, gives added weight to his statement to the effect that there is danger under existing sanitary conditions and unless immediate measures are taken to stamp it out.

Dr. A. H. Doty, health officer of the port, said that while the plague might be destructive to people in India, the conditions were different here. In India the people slept with rats and vermin. In the last three years the plague had been in Rio de Janeiro, Lisbon and San Francisco, but there has been no devastation at any of these places. Dr. Doty declared he had no fears, whatever, of the plague gaining any foothold here.

### LITTLE IMPORTANCE.

Murillo's Arrest by Colombia Government No Insult to Germany.

Denver, July 30.—Dr. Charles Grosswell, chairman of the sanitary committee of the National Live Stock association, has issued a bulletin on Dr. Koch's theory that tuberculosis is not communicable to human being by milk or flesh of tuberculosis in cattle. He says:

"Without being alarmed I think it necessary to sound a note of warning that the conclusions so much hoped for should not too readily be accepted and that as cattlemen or dairymen, we certainly must not yet congratulate ourselves that necessity for restrictions and repressive measures against bovine tuberculosis is over, nor that this disease in cattle has now no terrors for human beings."

### Astor Wants Osborne House.

London, July 30.—Osborne House, on the Isle of Wight, a favorite summer residence of Queen Victoria and the place where she died, may come into the possession of an American. King Edward wants to get rid of it because of its inaccessibility and because it costs £60,000 a year to keep it up. William Waldorf Astor is said to have offered to pay any price the king might fix, desiring to present the famous royal residence to his daughter when she marries, but it was found that under Queen Victoria's will the king is only given a

life term to the place. It is now reported that Mr. Astor wishes to lease the property.

### General Strike Ordered.

San Francisco, July 30.—The labor troubles in this city reached a culmination late Monday night when the Federation of Labor ordered a general strike on the docks of San Francisco, Oakland, Mission Rock and Port Costa. The effect caused temporary paralysis in the shipping business of San Francisco such as have not been known before. About 25,000 men are out.

### Killing Near Memphis.

Memphis, July 30.—W. S. Bowers was stabbed and killed near his home in this county by Albert Bowers, his cousin. The men had quarreled over a debt. The dead man was a traveling salesman. The homicide has not yet been arrested.

### Insurgents Captured.

Manila, May 30.—Thirty-four insurgents, the majority of them armed with rifles, were captured by the First cavalry in Batangas province.

### EMMEL'S PRESCRIPTION PHARMACY.

### A FARMER WARNED.

Threatening Letters Demanded Money or Else, or Would Burn Him.

Mattoon, Ills., July 30.—Two thousand dollars is the price demanded by unknown persons from Richard Hearn, a wealthy retired farmer of this city, for the safety of himself and only daughter, Maude, aged 18 years.

A week ago Hearn received a letter in which the writer demanded that the money be placed in a tin can at the southeast corner of the Episcopal church. Hearn treated it as a joke, at first but after receiving three letters, each more threatening, he informed the officers.

The last letter said that it was Hearn's final opportunity for he and the girl would be captured and the former would witness the horrifying spectacle of his daughter with her eyes burned out and heart cut from her body. Then he also would be killed.

Hearn is worth \$75,000 but he thinks it best not to exceed the demands. His daughter is not allowed to leave his side and while the police are trying to capture the would be kidnapper, the residence will be closely guarded. Several persons are suspected by the police.

### Rain in the Cotton Belt.

Washington, July 30.—Official advices to the weather bureau are confirmatory of the press reports of the prevalence of rains over the corn belt since Sunday night with cooler weather. During Monday rain has fallen very generally over that section, with some exceptions, notably southern Ohio, Kentucky and southwestern Nebraska.

While not very heavy in amount the rains are described as fair at Kansas City, as there was over an inch of precipitation; from one quarter to almost two inches in various parts of Iowa, Nebraska, the rainfall was fair; in eastern and northern Oklahoma there were showers and in Missouri they were pretty fair.

### Farmer Murdered.

Collinsville, Tex., July 30.—E. L. Parsons, a farmer living six miles west of Collinsville, was murdered Sunday afternoon near his home. While waiting for his wife to get dinner he went to the field to cut some corn for his horses. Mrs. Parsons is an invalid, unable to leave the house, and when her husband did not return to dinner she could only wait for some of the neighbors to happen in. Late in the evening one did come, and then a search was begun. About 9 o'clock the body was found. His head been beaten with a club and the skull was fractured in a number of places.

### Threshers Run a Town.

Wichita, Kas., July 30.—Eight threshing machine crews came into the town of Colwich Sunday and because they could not get liquor on account of the Sunday law they smashed five joints and in addition wrecked a number of town pumps. The citizens organized a party to cause their arrest, but the threshers made them retreat. The rioting was resumed Monday when the citizens again tried to arrest the threshers, but again they had to give up. The sheriff has been asked to come at once to the scene.

### Tragedy at Houston.

Houston, July 30.—A shooting occurred here this morning in which Officer Willie Weiss was instantly killed and a man named Vaughan was fatally wounded. There were four people in the party at the time. The four men walked from Main street down to Congress avenue together, two blocks to the point where the officer was killed. Two women were in some manner mixed up in the melee. Two arrests made.

### Beaten and Robbed.

St. Louis, July 30.—Mike Connor, a laborer, was found unconscious and bleeding from a number of scalp wounds and cuts about the face. He was taken to the city hospital where his condition was pronounced not serious. Connor stated he had been assaulted by two men who, after beating him, took his watch and \$5 in money.

### Terrible Street Fight.

Knoxville, July 30.—A special from Crossville tells of the killing of Policeman Hink Pass and E. Knox and the fatal wounding of Shirley Pass, son of the policeman, in a street fight at Isolin, Tenn., a mining town located eight miles north of Knoxville, Two negroes did the shooting. They surrendered.

### Mexican Veteran Dead.

Memphis, July 30.—Judge J. L. T. Sneed died at his home near this city, aged 82 years. He was an officer in the Mexican war, brigadier general in the provincial army of Tennessee after the secession of the state, and after the war served on the supreme bench of the state.

### Accidentally Killed.

Waco, Tex., July 30.—Leon Daniel, a young man who resides with Prof. E. E. Cammack, while getting out of a boat with a target rifle in his hand, struck the hammer on the edge of the boat, causing the rifle to go off. The bullet went through his bowels, causing death in a few hours.

### Civil Service in Hawaii.

Washington, July 30.—Civil Service Commissioner Rodenburg has returned here from the official trip to Hawaii taken by himself and Chief Examiner Serven of the commission. Mr. Rodenburg says an excellent civil service system is in operation in Hawaii.

### Veteran Waylaid and Wounded.

Oakland, Ills., July 30.—Charles C. Hackett, an aged veteran and a member of General Grant's regiment, was waylaid on his way home and beaten with a car pin until insensible. His wounds are dangerous and may prove fatal.

### CUBAN ELECTION LAW.

Universal Suffrage Provided for, but Restrictions Are Imposed.

Havana, July 30.—The electoral bill, as drafted by the electoral commission, was submitted to the Cuban constitutional convention yesterday. The measure provides for universal suffrage, but restrictions as to ability to read and write are imposed in the case of office-holders.

Governors of provinces and provincial legislators must be of Cuban birth or have been naturalized for a period of eight years. They must be at least 30 years of age. They must possess title by public decree or have filled office by popular vote.

The last letter said that it was Heard's final opportunity for he and the girl would be captured and the former would witness the horrifying spectacle of his daughter with her eyes burned out and heart cut from her body. Then he also would be killed.

Hearn is worth \$75,000 but he thinks it best not to exceed the demands. His daughter is not allowed to leave his side and while the police are trying to capture the would be kidnapper, the residence will be closely guarded. Several persons are suspected by the police.

Senators shall be elected by provincial legislatures and an equal number of citizens. One-half of the senators must be Cuban by birth or have been naturalized for a period of eight years. They must be at least 25 years of age and must be able to read and write. They must have resided in the province for two years and be among real estate taxpayers. The other half must have professional degrees or must have held public office.

Presidential electors shall be Cubans by birth or have been naturalized for a period of eight years and they must be 30 years of age.

In the provincial legislatures minority representation is provided for. Havana having 30 members, Santa Clara 18, Santiago 17, Mantanzas 15, Pinar del Rio 12 and Puerto Principe 8.

Havana will have 17 congressmen, Santiago 18, Santa Clara 14, Mantanzas 8, Pinar del Rio 7 and Puerto Principe 8. Four senators shall represent each province.

Havana will have 21 presidential electors, Santiago 17, Santa Clara 18, Mantanzas 12, Pinar del Rio 11 and Puerto Principe 8.

The project provides for two elections. At the first will be elected governors of provinces, provincial legislators and senatorial electors.

At the second to be held eight days later, congressmen and presidential electors will be chosen. Thirty days after the second election the presidential electors will meet in Santa Clara to elect the president.

### Texas' Ancient Canals.

Waco, Tex., July 30.—Captain H. C. Anderson formerly of the United States army, says traces exist in Texas of a complete irrigation system constructed by a race now wholly extinct. He found while riding horseback remains of canals and storage tanks on the divide between the Bosque and Brazos. Captain Anderson says the old reservoirs made by ancients and the canals connecting them can be restored and improved upon and that it is practical to irrigate two-thirds of the state by saving the water when abundant for times of scarcity. One canal, the traces of which still exist, Captain Anderson says must have been 1000 miles long.

### Confesses to Train Wrecking.

Little Rock, July 30.—Mont Randall, a negro 19 years old, was arrested at Forrest City, charged with wrecking the Choctaw fast freight at Palestine. He made a full confession. The suspect at first told several conflicting stories, he finally confessed that he had broken the lock and thrown the switch through pure malice. That was the only reason he would assign, but it is believed that some more responsible parties, who may have had a grievance against the management, are at the bottom of the affair, which resulted in the death of Engineer Shelley and Fireman Simmons.

### Legacy Tax Ruling.

Washington, July 30.—Commissioner of Internal Revenue Yerkes has ruled

that in cases of estates coming within the legacy tax law, the government tax must be made on the value of the estate on day of testator's death. While this releases accumulations from taxation, it also imposes liabilities for full settlement notwithstanding shrinkage may occur after the testator's death and prior to the distribution of the estate.

### Barge Sagamore Sinks.

Sault Ste Marie, Mich., July 30.—The whaleback barge Sagamore, loaded with iron ore, was sunk in a collision with the steamer Northern Queen near Point Iroquois. Of the crew of eight men, two were drowned and one is missing. Fog caused the collision.

### Three Persons Drowned.

Tacoma, July 30.—Earl Jenkins of Seattle, Miss. Florence Nevins and Miss Anolia Cole of Puyallup, were drowned by the capsizing of a row boat on Spanaway lake. The bodies were recovered several hours after the accident.

### Killed His Wife and Suicided.

Dodge City, Kas., July 30.—E. Kirby, proprietor of the Spark hotel, shot and killed his wife and then shot himself, both dying instantly. The cause is a disagreement over property. He was aged 40 and his wife 36 years.

### Constitution Defeated.

Newport, R. I., July 30.—The Columbia defeated the Constitution in a splendid race by 2 minutes and 24 seconds and won the \$1000 cup presented by Colonel John Jacob Astor. Her victory was decisive and convincing.

QUESTION ANSWERED.

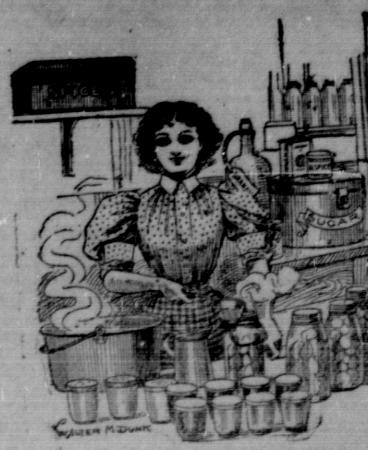

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

## EXCITEMENT STILL ON

Thousands Around the Great Lottery Wheels at El Reno.

## CROWD INCREASING.

People Sleep on the Hillsides to Be Near the Drawing so as to Hear the Names of the Winners as They Are Announced.

El Reno, O. T., July 30.—The scenes this morning about the little platform were a repetition of those on Monday. During the night and early this morning the crowds were swelled by several thousand eager people who had flocked to the town in prairie schooners and on trains. Many slept again on hillsides around the wheels of fortune to be on hand early. Others came from up town with the first stage of day and secured positions as close to the platform as possible. When the second day's drawings commenced over 30,000 people were on hand. The intense excitement of Monday had told on many and to this was added the individual feeling of each person that their chance had been materially diminished. Monday's drawing had given to 1000 homesteaders the privilege of selecting the best claims in the reservation. This left 12,000 claims and 166,000 applicants. Good nature prevailed and almost everybody appeared to be hopeful.

It was decided to draw 2000 names from the wheels today, 1000 each from the El Reno and Lawton land districts.

The drawing was started promptly and envelopes were taken from the wheels at a rapid rate. Among the lucky Texans were the following: C. C. Bates, Alvord. S. E. Eli, Sherman. Sterling B. Coffey, McKinney. James L. Cordial, Denison. B. D. Ayrhart, Estelline. Fletcher Megg, Whitesboro. Marion M. Dobbs, Wise county.

## SOME OF THE WINNERS.

Texans Who Drew Prizes in the Land Lottery at El Reno.

El Reno, O. T., July 30.—Oklahoma's great land lottery which began here yesterday morning was adjourned after 1000 of the choices of the 18,000 160-acre claims in the Kiowa-Comanche country had been awarded. The day was one of keen excitement, replete with interesting scenes. It is estimated that fully 20,000 people witnessed the drawing. The immense throng was wrought up to the highest pitch. The drawing of the first names was followed by a mighty shout that reverberated between the hills.

Each succeeding winner for a time was met with applause and merriment. All was pleasure. Every man, though he did not draw a prize from the wheels yesterday, had steadfast faith that future drawing would surely see him the possessor of a slip reading him a title clear to 160 acres of Oklahoma land. So, in the success of friends and relatives unfortunate ones, instead of bewailing their fate, cheered as familiar names were called out.

When the close of the day was announced at 6 o'clock hundreds who had neither eaten nor drank during the day sank to the ground where they stood from sheer fatigue, or dragged themselves to better places of rest or to seek the refreshment booths up town. The day was remarkably free from quarrels, and general satisfaction with the government's methods of disposing of the land was felt.

It has been found that many hundred applicants have "repeated" and that other applications are so illegible that they will be thrown out. Over this much discord has resulted and the outcome may be on appeal to the courts.

The eighth winner in the Lawton district was Minerva McClintock, aged 25 years, of Oklahoma City. She was married Sunday and by this act forfeits her right to file for claim. She might have chosen a claim near a county seat worth several thousand dollars.

The drawing was resumed at 9 o'clock this morning and it is believed will be completed Thursday evening.

Following are the names of the Texans who drew prizes:

George A. Perkins, Bridgeport. Marion P. Hawkins, Wayland. William C. Laird, Fort Worth. Richard H. Wyatt, Henrietta. Robert T. McDuffy, Ennis. James M. Russell, Cook county. James M. Harvey, Alvord. ## Paid After Thirty-Nine Years.

New York, July 30.—After waiting 39 years for a settlement of his accounts as soldier in the war between the states Edward Knott a veteran of White Plains, N. Y., has received a check for \$25 from the quartermaster's department. The amount is the exact sum due him as retained pay when he was mustered out of the Fourth New Jersey volunteers in the year 1862. No interest was allowed by the government. The money was retained by the paymaster to offset any clothing account that might be charged against him in the quartermaster's department. There having appeared no charge against him the check for \$25 was finally sent him.

## Driven to Suicide.

New York, July 30.—George McCabe, 46 years of age, has committed suicide by cutting his throat. Members of the family say that he was driven to desperation by the jeers of his fellow workmen at the Worthington Hydraulic works in Brooklyn, where a strike has been in progress. McCabe went out with the strikers early in May but returned to work July 18. As a result, it is said, he was reviled by men and women and his neighbors would have nothing to do with him. Even the children hooted him as he passed. For days McCabe has been gloomy and it is thought his mind gave way under the strain.

## Kimberley Asks to Be Excused.

Washington, July 30.—A letter has been received at the navy department from Admiral Kimberley asking to be excused from the Schley court of inquiry on account of the state of his health. The admiral is understood to be suffering from heart trouble. The application is placed in the hands of Secretary Long, who will dispose of the matter from his home in Higham, Mass.

Admiral Schley has made answer to the precept. The letter was mailed by his counsel, but the navy officials say it has not been received.

## Congressman Cooper Married.

New York, July 30.—It is now announced that the bride of Congressman Henry A. Cooper of Wisconsin, chairman of the house committee on insular affairs, is Miss Amelia Sarah Cooper. With his bride Congressman Cooper sailed on Saturday for Europe on the Lusitania. Representative Cooper left his home in Racine on July 20 to visit the Pan-American exposition. The marriage took place in this city on Saturday morning. While they are of the same name they are not related.

## Turnkey Locked in a Cell.

Toledo, July 30.—When the turnkey entered the county jail here with the prisoners' breakfast he was held up at the muzzle of two revolvers and locked in a cell. John Brown, alias "Topeka John," Thomas Keegan and James Stewart, all held for the robbery of the West Toledo postoffice, and David Morgan, a local prisoner, then marched out of jail and so far have not been captured.

## Scouts Idea of Alliance.

Madrid, July 30.—Premier Sagasta in an interview scouts the idea that any political outcome would result from the visit of the German squadron commanded by Prince Henry of Prussia now at Cadiz to Spain. He says Spain has nothing to offer. She must reorganize her navy and internal administration before dreaming of alliances.

## England Needs More Money.

London, July 30.—The supplementary civil service estimates ask for £7,013,910 of which £6,500,000 is required by the colonial office as a grant in aid of the Transvaal and Orange River colonies. Three millions of this is to be considered an advance to the colonies to be repaid out of the first loans issued by them.

## Potato Market Cornered.

Cincinnati, July 30.—Dry weather has so diminished the supply of potatoes it has been possible to corner the market. One commission firm in this city has secured control of the limited supply and dictated the prices running the price up to \$3.25 and \$3.50 per barrel for better qualities.

## THOSE OBSERVATION SLEEPERS

run via "THE DENVER ROAD"

from Fort Worth to Colorado Springs every morning are among the handsomest equipment of the Pullman Company. The large Observation Parlor, with spacious windows and movable easy chairs, etc., affords the advantages and comforts of a private car; while the table and service in the Cafe Car in all respects equal the fare of the best hotels and restaurants at corresponding prices. Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carving, superfluous decorations and stuffy plumes, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our time is far and away the shortest, too); no other line has Observation Sleepers to the Northwest, no other line makes a specialty of Colorado Tourist travel. It is a fact—"You Don't Have to Apologize for Riding on THE DENVER ROAD."
